14 September 1959

MEMORANDUM FOR: Recording Secretary, Agency Claims Board

SUBJECT : Claim for Stolen Personal Effects

25X1A9a

1. Reference is made to a claim on the part of [redacted] transmitted to your office on Memorandum, DPD-1493-59, dated 5 March 1959. [redacted] personal effects were lost at the same time and under the same circumstances as those under which [redacted] experienced his loss. As stated in the above referenced memorandum [redacted] did not, at that time, anticipate filing a claim due to the meager monetary value of his property involved. This information was obtained from [redacted] who was the only individual mentioned in the basic correspondence pertaining to [redacted] claim. A statement by [redacted] is appended as Attachment "D" to this correspondence. Due to the extensive TDY of [redacted] from his home station, it has been extremely difficult to obtain information from him in attempting to settle his request for reimbursement.

2. Although extensive time has elapsed, it appears that [redacted] does have a bonafide claim for reimbursement based upon the precedent established in [redacted] claim. Subject individual has been advised of the additional administrative effort necessitated by his claim being filed at this late date rather than in conjunction with [redacted]

3. It is recommended that this claim be given favorable consideration.
